Sliding Doors...

Our sliding door range is available in a wide range of styles, colours and finishes that can be created in hundreds of configurations. Our designers can work with you to create something totally unique to you and your room.

Every door is individually made to ensure maximum access and use of space. Each door is also expertly weighted and features soft close technology as standard to ensure they glide effortlessly shut – creating a focal point for any bedroom design.

We'll also help you create your dream storage space, with the right interior storage solutions, tailored to your individual needs.

Hide your TV when not in use for nice clean lines.

Hinged Doors...

Alongside design touches rich in heritage and the highest quality wood finishes, our craftsmen use time-honoured skills to create bespoke pieces that excel on every level. Your fitted furniture should instantly add grandeur to your bedroom.

That's why our traditional designs feature elegant mouldings and corning, hand finished to perfection. You can also configure your furniture to include additional features, such as dramatic wardrobe pediments.

We have a huge range of choices in our hinged door range of wardrobes with over 100 different colours and styles available!

We believe that once you have experienced the quality and sheer luxury of a walk-in wardrobe built by our highly experienced and skilled craftsmen – you'll wonder how you've lived without one for so long!

Many people assume that walk-in wardrobes are really only for the rich and famous, but that doesn't need to be the case! Walk-in wardrobes offer you a range of surprisingly affordable solutions to enhance your lifestyle and your home.

All shapes and sizes...

Awkward shaped bedrooms can be a problem – whether you’re doing a loft conversion or revamping an attic space or live in a home with high ceilings and sloping walls – we have the perfect solution!

We can easily transform all sorts of nooks and crannies, eaves and alcoves from a frustrating ‘waste of space’ into a truly wonderfully organized wardrobe or cupboard.

Awkward shaped rooms that have an unconventional layout are a great challenge for our fitted bedroom experts. We can create clever solutions for these spaces with our range of bedroom furniture, storage solutions and sliding wardrobe doors that you may not have thought possible!

There is an abundance of “hidden” solutions for different room shapes and sizes. If you have a room with awkward spaces and angles, or awkwardly placed windows and doors that you have to position your bedroom furniture around, then we can help design wardrobes that will make the most effective use of any space.

Carcass Options...

A well-designed fitted bedroom can totally revolutionise your space – making it tidy, clutter-free and altogether much more relaxing. We have a large range of intelligent storage ideas and bespoke interiors that will ensure you have clever storage solutions that meet all your needs and keeps your space looking clean, organised and clutter free.

All frames can be powder-coated to your required colour. All our carcasses are constructed using 18mm PVC lipped board, including backs.

All of our drawer sets come with 'soft close' as standard. Other variations and combinations of hanging, drawers, shelves, shoe racks and pull-down rails are available on request.
