WALK-IN WARDROBES

If you're fortunate enough to have a house that offers space for a luxury walk-in wardrobe or simply want to utilise a spare bedroom into a more usable space then we can offer you a range of quality storage solutions for the bedroom and walk in dressing room. We believe that once you have experienced the quality and sheer luxury of a walk-in wardrobe built by our highly experienced and skilled craftsmen – you'll wonder how you've lived without one for so long!

Many people assume that walk-in wardrobes are really only for the rich and famous, but that doesn't need to be the case! Walk-in wardrobes offer you a range of surprisingly affordable solutions to enhance your lifestyle and your home.

AWKWARD SPACES

Awkward shaped bedrooms can be a problem – whether you're doing a loft conversion or revamping an attic space or live in a home with high ceilings and sloping walls – we have the perfect solution!

We can easily transform all sorts of nooks and crannies, eaves and alcoves from a frustrating 'waste of space' into a truly wonderfully organized wardrobe or cupboard.

Awkward shaped rooms that have an unconventional layout are a great challenge for our fitted bedroom experts. We can create clever solutions for these spaces with our range of bedroom furniture, storage solutions and sliding wardrobe doors that you may not have thought possible!

There is an abundance of "hidden" solutions for different room shapes and sizes. If you have a room with awkward spaces and angles, or awkwardly placed windows and doors that you have to position your bedroom furniture around, then we can help design wardrobes that will make the most effective use of any space.

We have a large range of intelligent storage ideas and bespoke interiors that will ensure you have clever storage solutions that meet all your needs and keeps your space looking clean, organised and clutter free.

All frames can be powder-coated to your required colour. All our carcasses are constructed using 18mm PVC lipped board, including backs.

All of our drawer sets come with 'soft close' as standard. Other variations and combinations of hanging, drawers, shelves, shoe racks and pull-down rails are available on request.
